

Help the Reusit family recycle their glass bottles by colouring in this picture.

Fun Facts:

- You can recycle clear, green and brown bottles at the bottle bank. Did you know you can also recycle blue glass bottles? Just pop them in with the green ones!
- It takes about 70 days from when you put your bottle in the bottle bank until it is back on the shelf as a new bottle.
- You can recycle glass over and over again with no loss of quality (you can only recycle paper about 4 times!)
- An average Irish family will use about 500 glass bottles and jars each year.
- Recycling one glass bottle saves enough energy to power a 100 watt light bulb for an hour or a television for 15 minutes.
