

13th & 14th November 2020

@LTSFestival #LetsTalkScience #ScienceWeek

Sustainable Energy Authority of Ireland

SEAI supports schools and teachers across Ireland to help teach children about saving energy, sustainability and climate change. They do this by offering a range of resources, free of charge to all primary and post primary schools in Ireland.

Events at the Let's Talk Science Festival Virtual art workshop for primary level

- Join Alan Nolan, illustrator of SEAI's fab new book for children "Climate SOS" and enjoy a fun morning of art! During the workshop you'll get to meet the Super Energy Activists Ireland kids and learn how to draw the infamous energy-wasting monster Guzzler, as well as Sparkie, the energy-saving wonder dog. Alan will also show you how to create your very own cool Climate SOS comic strip!
