

The Rediscovery Centre is a creative space connecting people ideas and resources. We bring together the skills and expertise of artists, scientists, designers and craftsmen, united in a common purpose of sustainability, resource efficiency and reuse.

Rediscovery Centre's Education Programme provides a variety of exciting workshops that are based on hands-on enquiry and experiential learning. Our workshops for primary and secondary schools are linked to the school curriculum and the Sustainable Development Goals. Workshops can be delivered either in our centre, in your library, schools or virtually online.

Our educators are trained in the delivery of environmental education and are Garda vetted. The Rediscovery Centre is an accredited SFI Discover Centre.

Workshops for Libraries

Our education workshops are 90 minutes in duration and link to the school curriculum through a range of subjects. Our education workshops for primary and secondary schools covers a variety of environmental and STEM topics. Each workshop features a presentation, a range of interactive activities and ends with a feedback session to encourage the students to share what they have learned. We can facilitate a maximum of 30 students per workshop.

We offer specific workshops for Science Week, Maths Week, Engineers Week and Summer Reading Schemes.

We also offer arts and crafts workshops that can be tailored to the library's requirements
